

## Do you love Corston's green spaces?

Our village is blessed to have fantastic green spaces for us all to access and enjoy...and the jewel in the crown are the Recreation Ground and Valley Fields; right at the heart of our community.

Perhaps you visit to...

- 🌲 Stretch your legs and exercise
- 🌲 Take the dog for a walk
- 🌲 Play with your kids or grandkids, or teach them about nature
- 🌲 Have a kick around, or hone your boule skills
- 🌲 Spend time with family and friends
- 🌲 Enjoy community events, and to spend time with neighbours.

Whatever the reason, as a community we need to **agree our collective vision for these open access spaces**, how we'd like to use them, and how we will shape and future maintenance.

To do this, we need to hear from a wide a range of villagers as possible about:

- What you value about the Recreation Ground and Valley Fields
- Ideas on changes you'd like to see in the future
- Any barriers they find to making the most of this amazing village asset
- Thoughts on how we, as a village, can maintain the spaces, encourage responsible use and make any changes in line with the village vision.

Please come along to Corston Village Hall and give your thoughts and ideas:

**Monday 29<sup>th</sup> January, drop-in anytime 6.30-8pm**

**Saturday 3<sup>rd</sup> February, drop-in anytime 10.30am-12pm**

it's the Coffee Hub too so come and enjoy a cuppa and a natter 😊

These are not formal meetings but are instead facilitated by volunteer resident Kate Measures in order to gather the views and opinions of villagers – this can then inform any future decisions. The process will only work if a wide range of people contribute so **please do pop in!**

**SCAN ME**

**A survey (see QR code) will be available from 21<sup>st</sup> January-16<sup>th</sup> February – please do fill it in as well**
